

Step 1 – Request Access

- Review the Terms & Conditions & Privacy Policy
- Fill out and submit the 30-Day Provisional Test Period Form

Step 2 – Credentials Provided

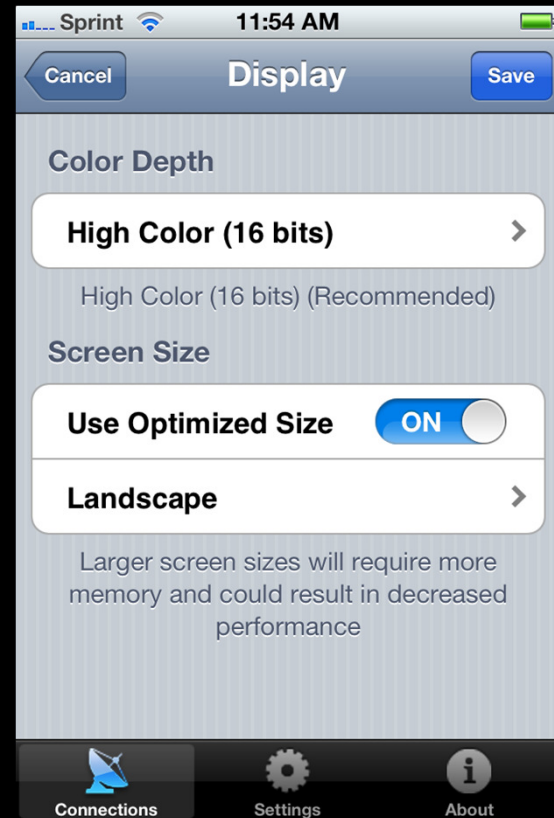

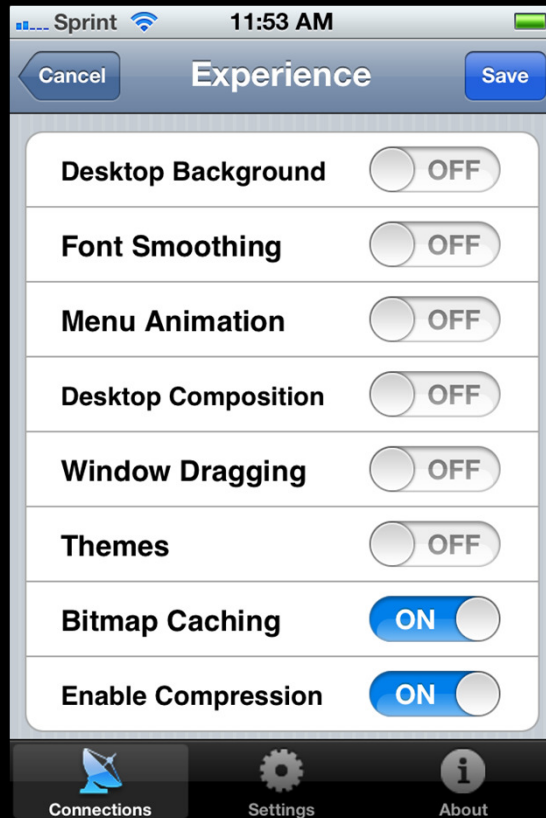

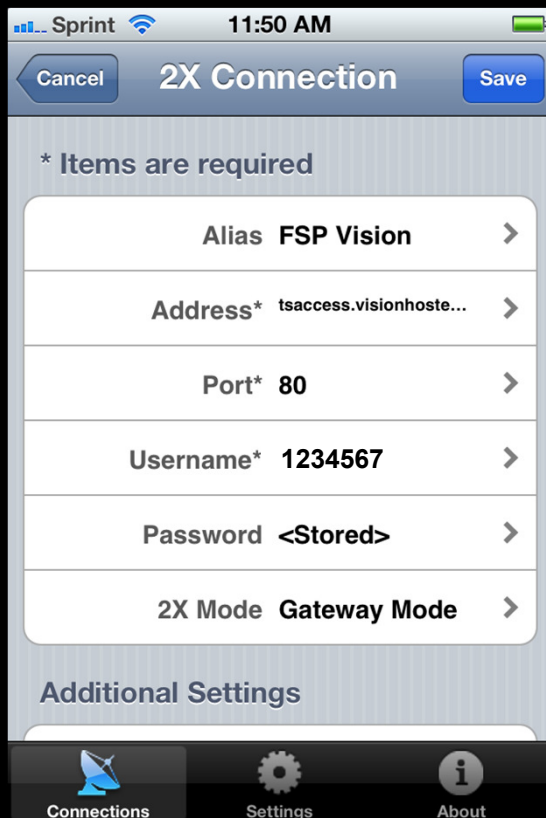

- Confirmation email will be sent
- Representative will verify information and send credentials via email

Step 3 – Download and Execute 2x Installation

- You will receive an email with the following instructions:
 - Download 2x from your app store or visit: www.2x.com/rdp-client
 - Click on the app and set-up the application with the credentials provided in the email. You will receive information on the following:
 - Alias:
 - Server:
 - Port:
 - User Name:
 - Password:
 - Connection Mode:
 - We recommend maximizing the 2x client resolution settings and using Landscape mode for the best experience! *(see screenshots on next page)*
 - For everything else you will use the default settings.

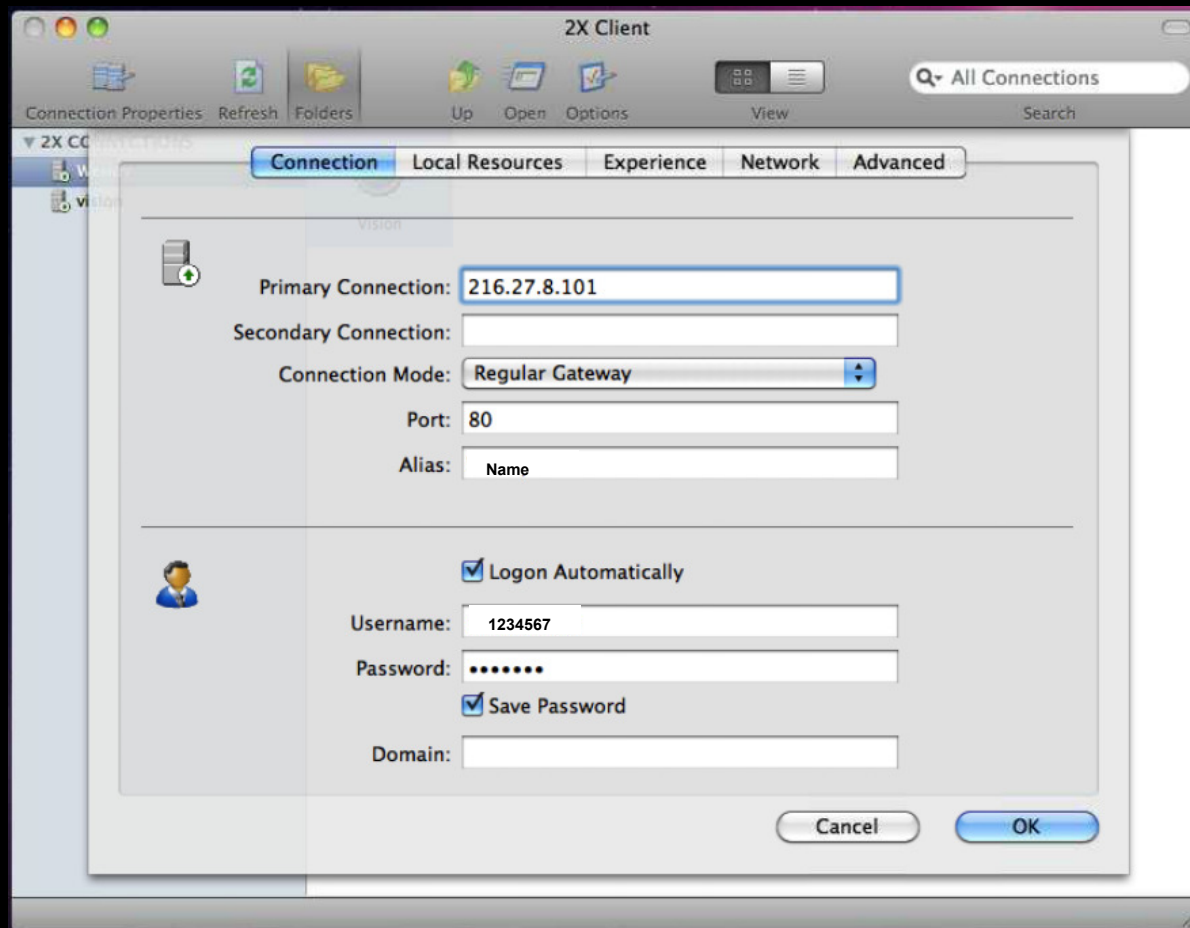

Enjoy Vision Unleashed!

Step 3 – Download and Execute 2x Installation

iPhone, Android, & Tablets

Step 3 – Download and Execute 2x Installation

Mac

Step 4 – Sign-up or Renew

- For **renewals**, you will receive a **reminder** email one month prior to your expiration.
- For **test periods and renewals**, you will receive a **reminder** email **15 days** prior to your expiration and **daily** e-mails starting **5 days** before the end of your annual subscription or test period.
- Follow the **link** provided in the **email** to **accept** the terms & conditions and **purchase** your annual subscription of Vision Unleashed.
 - If you **do not renew** before the end of your subscription period, your **service** will **terminate** on your anniversary date or the end of your test period. A **new authorization code** will be **required** and sent via email upon purchase. Please refer to Step 3 to reinstall.
 - If you **renew** before the end of your subscription period, you will **keep** the **same authorization code**.
